

August, 2018

Dear Boulder High Families,

At Boulder High School we place a high value on the education of all of our students. We are fortunate to be part of a school that is rich in history, tradition and have an extremely talented staff. Each year, our educators find innovative and exciting ways to continue to support our students. While our school budget often falls short of being able to fulfill all of the requests our teachers make for their classes, we are fortunate to have the support and partnership of our parent community.

Every Fall, the Parent Advisory Committee (PAC), hosts their annual 'Fall Drive for Funds' to help supplement the tight budget and the additional needs of the school and staff. This is the main fundraiser for the school that is set up to support our faculty and students by providing funding for classroom materials, equipment, technology, and other activities. (see back for examples of last years awarded grants)

The fund drive takes the ideas of teachers and staff and makes our school even more amazing. Your generous contribution will make a difference as we continue to find innovative ways to educate our students. Every dollar donated impacts ALL students at Boulder High.

This year there are 172 student class days. We are suggesting for families to consider a donation of \$172. That is just a dollar per school day. In this fundraising effort, participation is extremely important and any donation of any amount is appreciated and welcomed.

Please use the form at the bottom and mail your donation to PAC or visit the PAC website at <http://www.bhspac.org/> to make a donation online.

With Sincerest Gratitude,

Boulder High School PAC
